# Methodology for Measuring Indicators

## Status

- Current year performance
- Very high, High, Median, Low, Very low

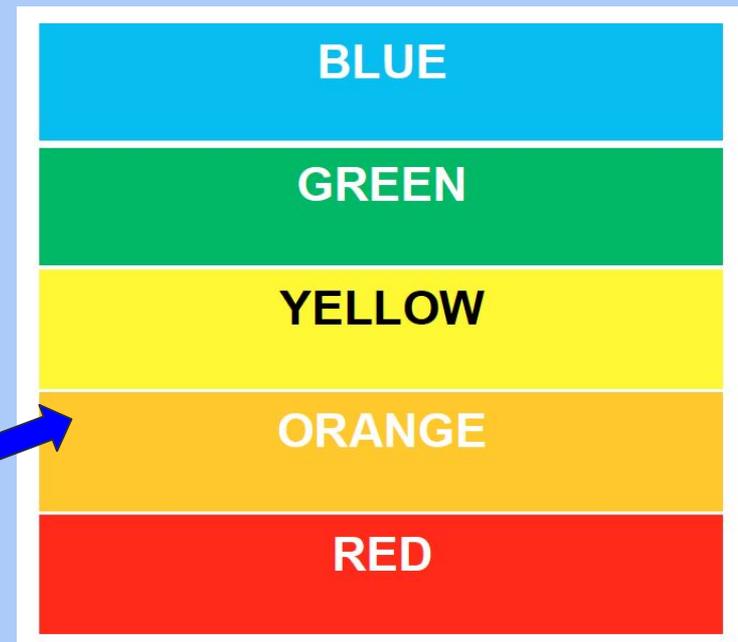

## Change

- Difference between prior and current performance
- Increased significantly, Increased, Maintained, Declined, Declined significantly

## Performance Category

- Combines STATUS and CHANGE for LEA, school or subgroup
- Represented by a color

GREEN is the state target performance level for all LEAs, schools and student subgroups

# LCAP Rubric Format

← CHANGE →

↑ STATUS ↓

Levels	Declined Significantly	Declined	Maintained	Increased	Increased Significantly
Very High	Yellow	Blue	Blue	Blue	Blue
High	Orange	Yellow	Green	Green	Blue
Median	Orange	Orange	Yellow	Green	Green
Low	Red	Orange	Orange	Yellow	Yellow
Very Low	Red	Red	Red	Orange	Yellow

## Academic Indicator

- Based on student test scores in ELA and Math for grades 3-8
- Grade 11 results captured in the College and Career Indicator
- NGSS test added when available

*Cut scores for status and change proposed at the November 2016 SBE meeting so that 2 years of SBAC data can be incorporated into the metric*

## English Learner Indicator

- Progress English Learners make towards proficiency (percent of students moving at least one proficiency level on CELDT)
- November SBE meeting will finalize methodology for inclusion of reclassified students
- New ELPAC assessment added 2018-2019

# Graduation Rate Indicator

- Based on Four-Year Cohort Graduation Rates
- Two cases in which level of change does not enter into the Graduation Rate Performance Category:
  1. All LEAs and Schools with a grad rate below **67%** will be placed in the **RED Performance Category**.
  2. All LEAs and Schools with a grad rate above **95%** will be placed in the **BLUE Performance Category**

# Graduation Indicator Performance Rubric

Level	Declined Significantly by more than 5%	Declined by 1% to 5%	Maintained Declined or improved by less than 1%	Increased by 1% to less than 5%	Increased Significantly by 5% or more

Low 67% to less than 85%	Red	Orange	Orange	Yellow	Yellow
Very Low Less than 67%	Red	Red	Red	Red	Red

# Suspension Rate Indicator

- Suspension rate varies based on student age level, so cut scores are based on grade span:
  - DISTRICTS have three sets of cut scores:
    - elementary school districts
    - high school districts
    - unified districts
  - SCHOOLS have three sets of cut scores:
    - elementary schools
    - middle schools
    - high schools

### Statements of Model Practices

Ensure all students are reading at or above standard by the end of each grade (e.g., Level 3 or 4 on Smarter Balanced summative assessment score for reading). As a foundational skill, reading is necessary to access academic content and complex information to support college and career readiness in later grades. Students experience a wide range of assessments during the school year that include selected-response items, technology-enhanced items, constructed-response items, and performance tasks, in which students engage in a complex set of tasks to demonstrate their understanding across the curricula.

Through a variety of assignments, class activities, and assessments, students demonstrate understanding of literary and nonfiction texts; produce clear and purposeful writing; demonstrate effective communication skills; and, investigate, analyze and present information on grade level and disciplinary content.

The district supports the regular collection and analysis of common formative, interim, and summative assessment data to establish instructional priorities, inform classroom instruction, appropriately place and exit students from intervention and support programs, and monitor student progress and achievement.
